

**West White Rose Project
Expression of Interest (EOI) / Prequalification (Website)
Intervention Equipment and Services for West White Rose Platform
Reference No. 8.41.1.004**

Husky Energy Inc. (Husky), operator of the White Rose field and satellite extensions, is seeking Expressions of Interest (EOIs) and to prequalify experienced companies/groups for:

Intervention Equipment and Services for West White Rose Platform

Scope Overview

Interventions on the West White Rose (WWR) Platform are expected to be a standard operating practice and the flexibility that they offer will be leveraged to assist with improved depletion strategies that will assist with maximizing field recovery factors. Potential interventions will include but may not be limited to:

- TRSCSSSV repair (diagnostics or installation of WLSCSSSV)
- Intervention to service down hole ESP's
- Wireline intervention to service gas lift orifice valve
- Workover to repair completion (tubing repair, gas lift valve servicing)
- ESP Deployment and Recovery
- Installing means to provide tubing-side zonal isolation
- Wellbore scale cleanout
- N2 Pumping for wellbore cleanout, lifting wellbore fluids
- Jet Perforating.
- Pressure deployment system for BHA length exceeding lubricator length.
- Data Acquisition, PLT, RST, Sampling.
- PLT fiber optic through coil.
- Milling/Drilling.
- Chemical Stimulation treatments.
- Well isolations, Plugging/straddles.
- Gas Lift Valve servicing.
- Production tubing/liner repair.
- Cement Squeezing/plugging.
- Plug back / isolating bottom of horizontal well
- Well Abandonment
- Coil Tubing sidetracking of an existing well may be required should the wells not meet performance requirements (compartmentalization)
- Re-perforations

Intervention/workover activities will be conducted concurrently with drilling operations.

Response Requirements

1. Confidentiality Agreement

To receive a prequalification package for this work scope (which includes a detailed scope of work, relevant project data, and a prequalification questionnaire), interested companies/groups seeking to be qualified to conduct the work must first sign a Confidentiality Agreement. To receive a Confidentiality Agreement, interested companies/groups are asked to complete the table below and send via email to travis.burke@huskyenergy.com as soon as possible, no later than **April 25, 2018 at 3:00 p.m. (Newfoundland Time)**:

Supplier Contact Information Table	
Reference No.:	8.41.1.004
Company Legal Name:	
Company Full Address:	
Company Phone Number (Main):	
Contact Full Name:	
Contact Phone Number:	
Contact Email Address:	

2. Prequalification Questionnaire

Immediately upon receiving a signed Confidentiality Agreement, Husky will forward a prequalification package containing a detailed scope of work, relevant project data, and a prequalification questionnaire which must be completed by all suppliers. The prequalification questionnaire is largely based on Husky's Operational Integrity Management System (HOIMS) and contains detailed questions regarding your company's technical, HSEQ and commercial capabilities.

Formal responses to the Prequalification Questionnaire are due no later than **May 18, 2018 at 3:00 p.m. (Newfoundland Time)**, and must be submitted via ARIBA, Husky's online sourcing platform. An upload link will be provided as part of the prequalification package.

Husky strongly supports providing opportunities to Canadian and, in particular Newfoundland and Labrador companies and individuals, on a commercially competitive basis. Companies are required to complete a Canada/Newfoundland and Labrador Benefits Questionnaire as part of the Prequalification process. Husky also encourages the participation of members of designated groups (women; Aboriginal peoples; persons with disabilities; and members of visible minorities) and corporations or cooperatives owned by them, in the supply of goods and services.

For all queries relating to this EOI/Prequalification, please contact:
